

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

HB 515 - SB 522

March 4, 2011

SUMMARY OF BILL: Adds Level IV trauma centers to the definition of “trauma system” under the Tennessee Trauma Center Funding Law.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- Under current law, “trauma system” means all designated Level I, II, and III trauma centers, all designated comprehensive regional pediatric centers, and all other acute care hospitals that provide treatments for trauma patients that are at least as great as the lowest level provided by one of the designated trauma centers.
- As a part of the “trauma system,” Level IV trauma centers will receive reimbursement from the Department of Health for uncompensated care costs and readiness costs. Expanding the number of facilities that may receive reimbursement from the Trauma System Fund to include Level IV trauma centers will not change the total amount of reimbursements by the Department from the Fund.
- Pursuant to Tenn. Code Ann. § 68-59-105, any excess revenue or any appropriation from the reserve of the Trauma System Fund does not revert and remains available for expenditure in subsequent years.
- The Board for Licensing Health Care Facilities will establish standards for Level IV trauma centers. Rulemaking can be accomplished during regularly scheduled Board meetings and will not result in a significant increase in expenditures.
- Pursuant to Tenn. Code Ann. § 68-11-216, the Board is required to be self-supporting over a two-year period. As of June 30, 2010, the Board had a balance of \$392,654.16.

HB 515 - SB 522

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in blue ink, appearing to read "James W. White". The signature is fluid and cursive, with the first name "James" written in a smaller, more compact script than the last name "White".
